

Engineering Design and Drafting Technology Selection Process

Apply online via Apply Alberta

Supply supporting documentation. (If required)

Category A

- High school grades average is >60%
- Applicant will be offered a seat in the program

Category B

- High school grades average is >50% but <60%
- Applicant is put in selection

Category C

- High school grades average is <50%
- Applicant is declined

* Category A

A letter will be mailed and the applicant must pay the deposit by the date specified or their application will be cancelled.

** Category B

Applicants on the selection list will be ranked based on their high school grades average and contacted once all Category A applicants have been exhausted.

Applicants could be asked to complete a questionnaire depending on the number of Category B applicants.

*** Category C

Applicants will be declined based on not meeting the minimum entry requirements.

Note that Category B and C applicants may improve their standing in the selection process by upgrading their high school grades.
