

Global Buddy Program Application

The Buddy Program connects new international students with an upper year international student that can assist in the transition process and act as a resource for advice and support. An upper year student will offer guidance in order to help the new student gain the knowledge, skills and experience needed to succeed as a student at SAIT. Upper year student volunteers will get the opportunity to gain valuable volunteer experience and the opportunity to develop their communication and leadership abilities and contribute to the success of first year students.
