

SAIT

Applied Research and Innovation Services

Real Ideas. Real Applications.

"The applied research Conematic Heating Systems conducted with SAIT's instructors and students helped us bring our hydronic heating appliance to market. The partnership with SAIT has been and will continue to be instrumental in the success of Conematic Heating Systems. Going forward, SAIT and Conematic will be providing training on the proper installation and application of hydronic (hot water) heating."

Phil Larkin
Manager
Engineering & New Product Development
Conematic Heating Systems Inc
