

Business Administration Automotive Management

SCHOOL OF TRANSPORTATION

Overview

The Business Administration Automotive Management program is your gateway to a successful business career in the automotive industry.

Designed in collaboration with industry representatives, this two-year diploma program is unique in Western Canada. You'll acquire expertise in communication, marketing, management and essential automotive knowledge.

In this program, you'll gain:

- a comprehensive understanding of the industry and how different parts of the business work together
- effective communication abilities to communicate with team members, customers, suppliers and other stakeholders
- marketing expertise, including how to promote new vehicle models, services offered by car dealerships or aftermarket products
- an understanding of marketing strategies and consumer behaviour
- management and strategy skills to lead teams, allocate resources, set goals and ensure efficient business operations and profitability.

Our program offers a blended learning environment. You'll engage in traditional classroom instruction, collaborative coursework with your peers and online learning.

In addition to classroom instruction, our program includes a valuable paid summer work practicum. This real-world experience will give you a head start in your automotive management career.

Upon graduation, you can pursue careers in various areas of the car industry, including leadership or management positions within dealerships, roles in parts, sales, service and finance departments or positions with related organizations, like aftermarket companies, insurance or credit companies.

Traits, skills and aptitudes

To work in automotive business administration, you need:

- self-confidence and self-motivation
- listening and presentation skills
- perseverance and resilience
- flexibility and adaptability
- an even temperament
- stress-management skills
- time-management, communication and problem-solving skills
- the ability to work independently and as part of a team
- the ability to serve both company and client needs
- computer literacy.

You should enjoy meeting new people and selling goods or services. For certain positions, you should be comfortable identifying and approaching potential customers, building new relationships, or overseeing the preparation of sales contracts.

Credentials

After successfully completing this program, you'll be awarded a SAIT Business Administration - Automotive Management diploma.

Practicum, Co-op and Work Integrated Learning

Between your first and second year, you will participate in a paid work term where you'll gain experience in the automotive industry.

Costs

2025/26 tuition and fees

The following costs are effective as of July 1, 2025.

The estimated total cost of tuition and fees is based on the suggested schedule of study. Following a modified schedule will impact the fees you pay per semester and may alter final costs.

Domestic Students

Year	Number of semesters	Tuition fees	Additional fees	Total per year
1	2.5*	\$6,105	\$1,905.75	\$8,010.75
2	2	\$5,550	\$1,668.60	\$7,218.60
Total cost:				\$15,229.35

The estimated total cost of tuition and fees for domestic students is based on the recommended course load per year.

*.5 indicates a combination of full-time semester(s) and part-time semester(s) in the same academic year. In many cases, students are completing a practicum during their part-time semester. Part-time students are those taking less than nine (9) course credits in a semester. You are not eligible for the UPass during a part-time semester.

International Students

The program total is based on the estimated amount you will pay if you enter this program during the 2025/26 academic year. The program total amount listed on your letter of admission may appear higher. This amount is your maximum tuition guarantee for the program. SAIT will not exceed this maximum, regardless of changes in tuition and fees between academic years.

Year	Number of semesters	Tuition fees	Additional fees	Total per year
