

Film and Video Production

SCHOOL FOR ADVANCED DIGITAL TECHNOLOGY

Overview

Are you passionate about the power of film and video to entertain, inform and inspire? Do you want to be part of an industry that shapes our understanding of the world and captivates audiences? If so, our Film and Video Production program is your gateway to a career in the world of media.

In this program, you will learn:

- understand how to convey compelling narratives and visual experiences through creative storytelling
- to explore the creative process of scriptwriting, developing stories that resonate with viewers on both emotional and intellectual levels
- gain hands-on experience in all aspects of production, from producing and directing to cinematography and sound recording.
- how to bring your creative vision to life through practical training and real-world projects
- the skills necessary for editing and post-production work.
- the art of editing, sound design and visual effects to elevate your storytelling and filmmaking;
- to understand the business aspects of the film and video industry, from, navigating the industry landscape, securing funding, getting tax credits, marketing your work and turning your passion into a sustainable career.

Our program is designed to prepare you for a career in Canada's evolving media industries. Stay current with the latest industry trends and technologies taught in film school.

Immerse yourself in a unique learning environment that combines traditional teaching methods with hands-on production and project models. Experience the thrill of creating your own films and videos from start to finish.

Whether you aspire to be a filmmaker, cinematographer, editor or television producer, our program will equip you with the knowledge and experience to thrive in this dynamic field.

Traits, skills and aptitudes

People in film and video production tend to be innovative, directive and social.

You need:

- creativity
- adaptability and perseverance
- good judgement for hiring key people
- passion for their work
- an entrepreneurial spirit
- a comprehensive network of industry talent
- critical thinking skills
- financial and time management skills
- leadership and communication skills
- the ability to work with a wide variety of people
- the ability to give and take constructive criticism
- the ability to identify what makes a great story and know how to tell it effectively
- the ability to deal with stress
- a willingness to attend festivals, awards shows and industry workshops to network and form partnerships
- a willingness to be held accountable for all decisions made.

To do well in this field, you should enjoy having variety in your work, finding innovative solutions to problems, coordinating productions and negotiating with people.
