

# Pre-Employment Heavy Equipment Technician

SCHOOL OF TRANSPORTATION

## Overview

The 15-week Pre-Employment Heavy Equipment Technician program is designed for those seeking to enter the thriving transport and heavy equipment industry, repairing, maintaining and overhauling transport vehicles and heavy machinery.

With courses developed in collaboration with industry, your training will be relevant and up-to-date.

In this program, you will:

- learn safety practices and proper use of industry-standard tools
- gain entry-level proficiency in hydraulics, pneumatic braking systems, electrical circuits, mechanical skills, and suspension systems
- get hands-on experience in a shop environment supported by theory.

As a graduate, you will be prepared for entry-level roles such as heavy-duty mechanic (off-road), truck and transport mechanic and transport-trailer technician.

Your skills will apply to numerous vehicles and equipment, including, but not limited to, transport trucks and trailers, construction heavy equipment, stationary equipment and off-road vehicles. You'll also have the foundational skills to seek employment and register as an apprentice.

Apply today and propel yourself into an industry that is the backbone of construction and transportation.

## Traits, skills and aptitudes

Those working as heavy equipment technicians need:

- good vision, hearing and sense of smell to diagnose problems
- strength and stamina for working with heavy equipment and in cramped or awkward positions
- mechanical ability
- the ability to work alone or as part of a team
- the ability to think logically
- an interest in all types of machinery and engines, electronics and precision equipment.

You should enjoy doing precision work, solving problems, and working with your hands.

## Academic path

This program aligns with the first period of Alberta Apprenticeship and Industry Training's (AIT) Heavy Equipment Technician curriculum.

Graduates are eligible to register as apprentices and challenge the first-period exam.

Once you pass the exam and complete the necessary training hours with an employer, you may register for SAIT's Heavy Equipment Technician apprenticeship program beginning in period two.

Graduates may also receive course credit towards classes in our two-year Transport and Heavy Equipment Technology diploma program.

## Credentials

After successfully completing this program, you'll receive a SAIT Pre-employment Heavy Equipment Technician certificate.

## Admission requirements

Created Date: 02/23/25

<https://www.sait.ca/programs-and-courses/pre-employment/pre-employment-heavy-equipment-technician>

## Applicants educated in Canada
