Web Developer

Overview

Our Web Developer certificate program equips you with the creative and technical skills to design and build user-friendly websites and web services.

Whether you hope to create corporate websites, launch your own consulting venture or develop the next internet sensation, this program offers you the skills to excel in any of these paths.

As a student, you'll:

- gain expertise in website design and creation, from the basics to advanced techniques
- learn how to design and construct websites that are not only visually appealing but also easy for users to navigate
- delve into social media integration, multimedia elements, e-commerce integration, web analytics, design tools and techniques
- explore the world of consulting services, rounding out your skill set.

This intensive program requires a significant commitment of time and energy. You'll need to make your education a priority throughout.

As a graduate, you'll be equipped to take on roles in web development, from crafting user-friendly websites for clients to realizing your entrepreneurial vision.

Join us and embark on your journey to becoming a proficient web developer and digital innovator. Get ready to contribute to creating and improving tools that drive the online universe.

Due to the tight integration of the courses in this program, credit for prior learning is not available.

Traits, skills and aptitudes

Web developers are innovative, methodical and directive.

You need:

- logical thinking to analyze complex problems and create and verify solutions
- patience and persistence when developing applications
- attention to detail to avoid errors that cost time and money
- the ability to interpret user needs
- knowledge of user experience (UX) techniques
- speaking, listening and writing skills
- interpersonal and teamwork skills.

To do well in this field, you should enjoy learning new computer languages and programming styles, creative problem-solving, being precise and taking a structured approach to your work.

Credentials

Upon successfully completing this program, you'll be awarded a SAIT Web Developer certificate.

Practicum, Co-op and Work Integrated Learning

You will participate in an off-site practicum at a participating corporation or business, giving you a realistic taste of what it is like to work in the technology industry and the opportunity to make connections with potential future employers.

Admission requirements

Applicants educated in Canada

All applicants must demonstrate English language proficiency and meet the following requirements or equivalents.

- at least 60% in English Language Arts 30-1 or 30-2 or equivalent OR
- a minimum of two years of post-secondary education from a recognized university, institute, or college.

SAIT accepts high school course equivalents for admission for applicants educated outside Alberta.

Applicants educated outside of Canada

All applicants who were educated outside of Canada must demonstrate English Language proficiency and provide proof they meet the program admission requirements with an international document assessment. Find out what educational documents are accepted and assessment options.

SAIT may also accept courses completed at certain international post-secondary institutions.

Books and Supplies

Books and supplies are approximately $1,000 - $1,500 per full-time year.

This program uses e-books for learning, which will be provided to you.

This program requires custom computer hardware and software. All computers must meet the following minimum specifications:

Mac specifications

- Processor: i7
- RAM: 16GB
- Storage: 512GB SSD

- Video card: AMD Radeon Pro
- Screen size: 15"
- Screen resolution: 1920 x 1080
- OS version: Mac OS Catalina or newer
- Approximate price (CAD): $2,750
- Suggested model: 16" Macbook Pro case model

PC specifications

- Processor: i7
- RAM: 32GB
- Storage: 512GB SSD
- Video card: Nvidia Quadro T1000
- Screen size: 15"
- Screen resolution: 1920 x 1080
- OS version: Windows 10 Pro 64-bit
- Other software: Antivirus/Malware protection
- Approximate price (CAD): $3,000
- Suggested model: Lenovo ThinkPad P1 Gen 3
